SIGIRIYA - Climb the Rock Fortress of Sigiriya.

Sigiriya, a massive monolith of red stone rises 600 feet from the green scrub jungle to accentuate the lucid blue of the sky. How overpowering, then, this rock fortress of Sigiriya must have been when a palace crowned it 15 centuries ago. Sigiriya (say see-gih-REE-yah) was no gloomy and forbidding fortification, as many other citadels are. At the brief height of its glory, a flowering of only 18 years in the late 5th Century, it was one of the loveliest royal cities that ever graced the earth.
